

Self-Reliance Public Meeting

The Tri-City Self-Reliance group is hosting a public meeting on Thursday, May 30th from 6:30 to 8:30 p.m. at the Island View Worship Center in Richland.

6:30 to 7:00 p.m. Mary Ruth Edwards will be speaking on Liberty State

7:00 to 8:30 p.m. Retired firefighter and consultant Don Green will be sharing ways to prepare for the fire season

Don Green BIO

Don Green started his career as an Aircraft Crash rescue and Structural firefighter in the U.S. Air Force. After serving in the Air Force, Don began his career with the San Diego City Fire Department in San Diego, California, and retired after 30 years of service. He started Fire-Pro USA, a private firefighting and consultant company in 2008. His company prepared homeowners to stay and defend their property and performed fire defense functions for clients during wildland fires. Don also worked as a consultant with Boeing and the U.S. Army on an experimental firefighting project involving aircraft deploying fire gel during firestorms.

Fire-Pro USA

Fire-Pro USA was started in 2008 to help those who needed to help themselves and their neighbors. Born out of the firestorms of Southern California, retired firefighter Don Green birthed Fire-Pro USA after being on the front lines of the frequent firestorms for 30 years. Don recognized that firefighters were too frequently failing to prevent homes and neighborhoods from being destroyed--which could have been saved. This failure to save homes led him to develop a new firefighting method based on property owner involvement to save themselves, their property, and their irreplaceable memories.
